COST OF LIVING.

Lowest Not Reached. Gradual Reduction for Months.

Head of Big Packing Concern Says There'll Be No Sudden Slump.

Decrease in Cost of Meat Due Solely to Law of Supply and Demand.

Cattle More Plentiful, Prices Lower, and Public Gets the Benefit.

CHICAGO, Nov. 15.—[Exclusive Dispatch.] J. O'Brien, president of the National Live Stock Association, declared today that there had been not only a reduction in the price of meat, but that the prevailing tendency was toward a lower schedule.

But in the expressed opinion of Mr. O'Brien, who consented to discuss the "decreased cost of living" with a representative of the Los Angeles Times, the general public should not be too hasty in reaching the conclusion that the skies had been greased for a coast slide from the pinnacle of "everything cheap."

It is the belief of Mr. O'Brien that the decrease will be gradual and that the level will not be reached for several months at least.

Prior to the time that Mr. O'Brien voiced his views on the subject of meat prices, a South Side meat dealer remarked:

"We welcome a lower price in the cost of meat, but the reduction is not the result of a sudden slump in the Federal courts. It is the outcome of the law of supply and demand. Cattle are more plentiful and therefore meat is cheaper."

In discussing the subject of meat prices, Mr. O'Brien said:

"The packers' prices to the retailers are based entirely on what they have to pay for the live animals. Generally speaking, present prices are lower and I believe they are working toward a still lower level. The present situation is the result of an enormous crop and of previous high prices that stimulated everybody to raise live stock. The public is getting the benefit of present conditions, and should get further benefits as the increased supply of live stock comes to the market."

"The recent high price of meat and packing-house products cannot be attributed in any way to the packers or to any combination of persons or firms engaged in the packing-house industry. It has been due to conditions that developed from a scarcity and a high price of corn, which is the basis of the supply of live stock."

"It is purely a matter of supply and demand. The packers welcome lower prices. Our prices are based on what we have to pay for live stock and the world at large realizes the fact the better it will be for everybody."

"I believe when that fundamental fact is understood generally the people will be glad that they have the packing industry. No number of small concerns could begin to do business on so small a margin of profit as the packers."

GETS BEATING, NOT AFFINITY.

Sad Plight of Kansas Citizen Who Seeks Fair Maid of His Dream.

[BY DIRECT WIRE TO THE TIMES.] KANSAS CITY, (Mo.) (Exclusive Dispatch.) Because William P. Dunn believed in the reality of a dream he had about a soft eyed affinity he will have to answer to a charge of burglary besides taking a beating that laid him up in the hospital.

Dunn paid a visit to the boarding house of Mrs. Hattie Stone, No. 1610 Central Street and demanded to see all the women. He was badly beaten up and turned over to the police who took him to the hospital.

"I had a dream," said Dunn, "in which a beautiful soft eyed woman appeared to me and said she was my affinity. I started out to look her up. My dream directed me to the house on Central Street. I went in expecting to find her there. That is how the trouble all started."

CHOPS OFF MILLIONS.

Attack on Standard Oil Weakened.

Federal Indictment by Which An Immense Sum Was Sought Dwindles.

Fifteen Hundred Offenses and More Cut by Court to Only Forty-six.

Unexpected Ruling Upsets the Government's Case; Surprises Lawyers.

[ASSOCIATED PRESS NIGHT REPORT.] JACKSON (Tenn.) Nov. 15.—The indictment of the United States against the Standard Oil Company of Indiana, on the so-called Grand Junction concession charge, by which it was sought to have assessed penalties aggregating \$20,000,000, tonight stands shorn of its magnitude.

The prosecution met reverses in a ruling of Judge John McCall in the Federal Circuit Court late today as to a point of law which in one sweep dwarfed the monetary feature of the charges by exactly \$20,000,000, and in general played havoc with the bill of justice as set up by the government.

It was the ruling of Judge McCall that within the meaning of the Elkins anti-rebate law a settlement and not an individual shipment constitutes an offense. In the indictment it is charged the company committed 1524 offenses, basing each of the counts on a shipment from the company's refinery at Whiting, Ind., to points in the South-east through Grand Junction, Tenn.

Evidence shows only forty-six settlements, all by monthly transactions between the Standard Oil Company and the carriers named in the bill within the years covered, 1908 to 1909. Hence should the company be found guilty on all charges now asserted, the maximum penalty possible to be assessed would be a fine of \$20,000.

For each offense the law provides \$20,000 may be taxed. The minimum is \$1000.

Of secondary importance only in that a final ruling was not made, Judge McCall also held tentatively that dates shown in the indictment should conform to the proof tendered.

The ruling came unexpectedly. A huge case of documents introduced early in the morning, and the first session was devoted to a somewhat ineffectual effort to clear up the confusion. Just before noon counsel-in-chief for the defendant started things by informally indicating that the defense probably would admit that the 13-cent rate, declared by the Illinois law, was paid by the Indiana oil concern.

Formal admission to this effect was withheld, however, and adjournment was taken to permit a conference between counsel looking to an agreement to this effect.

At the opening of the afternoon session this was not forthcoming, and in the absence of several tariff sheets desired by the government, jurors and witnesses were excused until tomorrow. The trial along the restricted lines will be resumed tomorrow. The prosecution, it is announced, will now endeavor to show the much-debated 13-cent rate from Whiting to Grand Junction "for points beyond" illegal; that another rate, a higher commodity tariff applying from Evansville, a point along the line traversed, would make the 13-cent rate illegal.

ESPEE "HOLDS FORT."

Railroad Blocks Effort of Sacramento Police to Control Street Crossing Desired by Rival.

[ASSOCIATED PRESS NIGHT REPORT.] SACRAMENTO, Nov. 15.—In a struggle today between the railroad and the city police department, the Southern Pacific won the fight for control of the Front and M street crossings desired by the Northern Electric Company as an approach to the proposed bridge at the foot of M street.

Chief Ahern and a squad of men took possession of a locomotive standing across M street at Front and attempted to move it up the track, but the attempt failed because after it had been moved up a trip back was necessary to get a box car which had been uncoupled by the railroad men and once back at the old station, the Southern Pacific engineer and fireman "killed" the engine by opening steam valves, water plugs, smothering the fire, and blocking the wheels. Finally the company ran two engines from the crossing when the Northern Electric men stood in the street, blocking the progress of the Northern Electric track layers.

UP IN THE AIR WITH HIS RICH SWEETHEART.

Count Jacques de Lesseps.

Daughter of Canadian Millionaire and Noted French Aviator Meets During Contest and After Several Flights She Loses Her Heart to Him—Both of Famous Families.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Nov. 15.—[Exclusive Dispatch.] Announcement was made here today at the Hotel St. Regis by Count Bertrand de Lesseps, of the engagement of his brother, Count Jacques de Lesseps, the famous French aviator, to wed Miss Grace McKenzie, youngest daughter of William McKenzie, the millionaire railroad man of Toronto. Count de Lesseps is now in Toronto.

Rumors of the engagement of the beautiful Miss McKenzie, who is known as one of the belles of Toronto, to the daring young Frenchman have been heard ever since last July.

The lion of the hour at the Toronto aviation meet, at which he was the most brilliant performer, the Count met Miss McKenzie at a reception given in honor of the visiting aviator. The young girl and her sisters became constant attendants at the aviation field. After the meet the Count was the guest of the McKenzies.

At the recent international meet at Belmont Park the Count was a brilliant performer, and was one of the three contestants to make the Statue of Liberty flight. Miss McKenzie and two of her sisters came to New York during the meeting and were constant attendants at the Count's hangar, with his sister. It was there that Miss McKenzie made two long flights with the Count.

Count Jacques de Lesseps is 27 years old and is the son of the famous engineer, Ferdinand de Lesseps. He is an ardent sportsman and has lately taken up aviation for his hobby. With only one year's experience he already is one of France's most brilliant aviators.

Count de Lesseps has collected a large quantity of unpublished material, copies of Hadji Murat, Tolstoy's latest work, as well as various documents which he had been forwarding for safe keeping to London.

COUNTLESS WANTS CASH.

These he intended to offer for free publication in pursuance of the author's wishes. The Countess Tolstoy, in behalf of the family, has been insisting that Tolstoy procure a copyright for all his publications, the returns from which would serve to aid the very numerous family instead of filling the purses of the publishers.

Three months ago, when the administrative order expelling Tchertkoff from Tula province was repealed, he visited Yasnaya Polyana, but left hurriedly as the Countess had been previously forbidden him access to the grounds. Tolstoy thereupon visited Tch

VESSEL AND CARGO ARE LOST.
[ASSOCIATED PRESS REPORT.]
SEATTLE, Nov. 15.—The Alaska Coast Company announces the abandonment of the wrecked steamer Portland which went aground in the mouth of the Kattalla River, Alaska, Saturday. The severe storm which has been raging in Alaskan waters has made salvage operations impossible. The Portland was worth \$90,000, and was insured for 75 per cent. of her value. The passengers and crew of the Portland are still stormbound in Kattalla. When the weather clears they can be taken by launch to Cordova.

WASHINGTON SUFFRAGE FELT.
[ASSOCIATED PRESS REPORT.]
SEATTLE, Nov. 15.—The first legislation resulting from the adoption of the woman's suffrage amendment to the Washington constitution last Tuesday was brought up last night when a bill was introduced in the city council prohibiting smoking in polling places for general or special elections. The purpose of the proposed ordinance is to make conditions about election booths more attractive for women who are to vote, or to preside as election officials.

INVESTIGATES THE PLUMBERS.
GRAND JURY HEARS CHARGES.
[BY DIRECT WIRE TO THE TIMES.]
DISPATCH.] The Sacramento grand jury is listening to some startling revelations that are being made by the independent plumbers of this city in the manipulations of what is termed the plumbers' trust. Several witnesses from the independent concerns and the trust are being heard. It is charged the master plumbers have formed a combination, and the independents declare that not only are the smaller plumbers forced to join the trust or be crushed, but the combination has pooled its forces to build and to keep the price of contracts to double what they should be. Several instances are being cited to prove these contentions, and the grand jury has taken up the matter. It is claimed that in contracts if the independents get a job the trust throws every obstacle in the way, and often prevents the contractor from completing the contract.

Maria Severa of No. 716 Vigman street is a poor Mexican woman, but her mother-in-law raised her to sublimity last night when she was taken into the hospital for treatment of a gunshot wound through the palm of her right hand. Maria had been trying to act as the peace-maker during a quarrel at her home when her cousin, Aurelio Lopez, and a friend, Chaimir Colosa, rushing between the men as Colosa flashed a revolver, she clutched the weapon just as he pulled the trigger. The bullet fed wide of its intended mark, but it plowed an ugly hole through Maria's hand.

statement that it is the only precinct in the city where absolutely every foot of frontage is planted. Each purchaser of a lot was assessed \$10 for the planting and maintenance of the trees. The plan is still continued, and there is a balance of \$240 in the treasury for which there seems to be no use.

ANNEX ARROYO SECO.
Mrs. A. S. Lobinger of the Civic Association, delivered an attractive address on "Arroyo Seco Park," in which she called attention to a movement for the annexation to the city of that part of the Arroyo that lies outside the limits at South Pasadena. She advised speed in the movement for the annexation and condemnation of the arroyo for park purposes, which she says can now be done for a quarter million dollars.

Local clubs and societies of all kinds are largely represented at the conference, the Municipal Housing Commission being there practically in its entirety; the Civic Association, Municipal Art Commission, City Park Commission, Chamber of Commerce, and others with large delegations.

TWO PRISONERS RETURNED.
Deputy Sheriff Billy Woods arrived in Los Angeles last night from San Francisco with Ben Franklin and E. J. Lloyd in custody. Franklin is wanted by the local police to answer to a misdemeanor, while Lloyd must face a wife abandonment charge. According to Lloyd he left his wife, who resides in the University district, several weeks ago, because he learned that she had an affinity.

Today We'll Show You How to Bake a Cake and Freeze Ice Cream at the Same Time in a Fireless Cooker

Almost every woman is interested in the Fireless Cooker proposition. It is one of the leading topics of the day for the consideration of women. The Fireless Cooker is as great a factor in the lessening of household work and in the improvement of household conditions, as was the introduction of gas and electricity. During this week's demonstration in our window the ladies of Los Angeles will be afforded an opportunity to see in the most practical way, some of the wonderful things the Fireless Cooker will do—for instance, the cooking of a roast and the freezing of ice cream in the same cooker at the same time, which will be done today. Make a point to be on hand, if you can.

## Women's Top Coats of Great Style

The steady wear that most women give a separate coat makes it essential that they shall be built with fundamentally right lines—lines that will retain their grace and jauntiness to the last day of wear-time. These are coats that meet every demand of fashion and of service:

**LONG COAT STYLES PRE-VAIL,** and the materials are legion—handsome Vicuna cloth, reversible, with cuffs and collars made of the plaid side of the goods; soft, lustrous broadcloths, rough unfinished worsteds, mixtures, caracul cloths and the new blanket cloths that have achieved such popularity.

**PRICES ARE MOST REASONABLE:** At \$15.50 \$13.50, \$22.50 and higher we show splendidly good values; many customers tell us that. And in motoring coats we have reached top-values.

**NEW POLO COATS:** In white blanket cloth—fashion's latest whim—are extremely smart and very serviceable.

### Val. Laces 50c Dozen

If you're making any articles of fancy-work that call for Valenciennes lace edging or insertion, now is the time to buy it:

**GERMAN VALENCIENNES LACES**—Edges and insertions from ¼ to 1½ inches wide, regular prices 65c to \$1.35 a dozen, on special sale now at .....50c dozen

### \$2 Tailored Waists \$1.50

That saving of fifty cents on every waist you purchase will soon amount to something worth while:

**HAIRLINE STRIPES** and Plain White Tufted styles prevail; more than 25 different models; we've all sizes in these, and they are really one of the best values we have recently offered, at \$1.50

### New Organdies Here

We have received a number of pieces of our spring assortments of silk-mixed and cotton organdies, which, in this climate, are suitable the year around for party frocks, and like garments:

**SILK MIXED ORGANDIES**—Sheer as silk, and twice as durable; shown in new Persian colorings of all shades; in pretty new flowered patterns—large and small designs; 28 inches wide, at .....50c yard

**NEW SILK MIXED SCARFINGS**—For automobile veils, etc., Persian and bordered patterns; regularly 50c, reduced to.....35c yard

**COTTON ORGANDIES**—32 inches wide, in very pretty designs of flowers, etc., on white or colored backgrounds; any shade you like, and dozens of patterns; these are very inexpensive at the price.....25c yard

### Sale of Muslin Gowns

Here's opportunity for women who make dollars stretch their farthest. Every garment came from our regular suppliers, and conforms in every detail to our well-known high standards:

**MUSLIN GOWNS AT 75c**—High neck, and low neck styles, in muslin and cambric; embroidery and lace trimmed; neat Empire gowns with Val. lace and beading and ribbon.

**WOMEN'S BATH ROBES, \$3.00**—They really ought to bring \$8.50, had we not saved on their purchase; we searched the market for the very best bath robe obtainable at five dollars; and here it is.

**MUSLIN GOWNS AT \$1.50**—Five styles; all low neck, neatly trimmed with laces and embroidery; made of fine cambric and nainsook; good \$1.75 and \$2.00 values.

## Switches Worth to \$7.50 For \$3.50

Rather too many of these particular numbers of switches in stock; the reduction in price will serve to reduce quantities, as well:

Naturally wavy switches, 20 to 28 inches long; no gray or white, but all other shades, values to \$7.50, on special sale at.....\$3.50

And a mighty good Fruit Cake it is. We're as proud of it as any housewife could be—and we are positive a better fruit cake has never been baked—no, not even in your own oven.

We have used the very choicest, select fruits, citrons, peels, nuts and all materials.

But we can't begin to tell you how good it is. We simply want to post you so you can give your order immediately to your grocer for a two or three-pound brick; 40c a pound. Be sure you get BRADFORD'S.

BRADFORD'S BAKING CO.

Kohler, Mrs. Cooley and Mrs. Phillips were among delights of the merry evening.

Have Returned. Mr. and Mrs. Dana C. King have returned from a three months' trip in the East and are now settled at No. 837 Kingsley drive. Mr. and Mrs. King recently entertained with a dinner party at Levy's having as guests Mrs. and Mrs. Arthur E. Tandy, Mr. and Mrs. Orville A. Joy and Mr. and Mrs. Herbert Powell. The evening was planned in celebration of the birthday anniversaries of Mr. King and Mrs. Tandy.

Mrs. Barnore Honored. In honor of Mrs. Edmond H. Barnore Jr., Mrs. E. H. Barnore Sr., entertained with a large tea party yesterday afternoon at her beautiful home on Alvarado Terrace. The appointments for the affair were done entirely in yellow. In the dining-room the color scheme was further enhanced by the use of many yellow candles. The honoree was attired in a handsome gown of yellow chiffon over satin and Mrs. Barnore wore black spangled net over black silk. Mrs. David Barnore, Mrs. Frederick Goulding received with the hostess and honored guest and the assisting ladies were Mrs. Higgins, Mrs. Van Wagner, Mrs. E. W. Britt, Mrs. William Irving Hollingsworth, Mrs. Matthew S. Robertson, Mrs. C. Boyle, Mrs. Reuben Shuler, Mrs. Oliver C. Bryant, Mrs. James T. Fitzgerald, Mrs. C. S. Luncheon Delightful. Mrs. Henry W. O'Melveny of Wilshire boulevard, was hostess yesterday at a luncheon of fourteen covers with which she complimented Miss Lucille Clark. Pink roses and lily of the valley formed a graceful centerpiece and monogram cards marked covers for Mrs. Harold Clark, Mrs. A. Robert Rhomore, Mrs. Earle C. Anthony, Miss Marion Macneil, Miss Sally Bonner, Miss Josephine McMillan, Miss Katherine Mellus, Miss Evangeline Duque, Miss Gertrude King, Miss Clarisse Stevens, Miss Phila Milbank, Miss Kate Van Nuy and Miss Elizabeth Helm.

CAPTURED BY BONDSMEN. Quong On, Suspected of Being About to Jump Bail, is Roughly Handled by Orientals.

Quong On was a badly mutilated individual when he was given into the custody of the Federal authorities yesterday, having suffered at the hands of his countrymen, who thought he was endeavoring to escape while at liberty under bonds.

Quong was arrested several weeks ago on a charge of having been in this country illegally. He was given a hearing and an order for his deportation was entered. Attorney George McKelby, who represented him, took an appeal. The lawyer gathered up several of his Chinese clients and they put up bail for the prisoner in the sum of \$2500.

Quong has been enjoying all of the pleasures of a free American citizen and might have continued to do so if a story to the effect that he intended to jump his bail had not gained circulation.

An alarm spread through the oriental quarter when word was received that Quong had left his bondsman in the lurch. A searching party was organized. The trail grew warm near Newhall. The brave scouts called on their countrymen for assistance and they rallied with vigor for the man hunt.

Quong was espied by a scout as he was "beating it" through the Newhall pass. There was a shrill alarm and the chase began. The fugitive was soon overtaken and was literally run to earth.

Quong was made a fit patient for the County Hospital and was bundled off to be patched up and to give his wounds time to heal. The surgeons said he was able to leave yesterday and he was surrendered to the United States Marshal by his bondsman. He still bears many marks of his experience with his infuriated countrymen.
